SMART OPERATION

HYUNDAI RAC allows you to control and monitor your air conditioners with smartphone even away from home.

FAST&POWERFUL

It runs at 100% full output capacity to keep you warm even when the ambient temperature is -20°C.

ENERGY EFFICIENCY

Just touch the Eco Mode button to activate the mode. HYUNDAI RAC can keep you cool over an 8-hour night period with as little as 1 kWh energy consumption, saving 71%.

HEALTHCARE

Anti-dust filter will prevent the dirt from penetrating into the air conditioner system, which could guarantee the clean and healthy air.
